

# 19<sup>th</sup> NCEJN EJ SUMMIT REGISTRATION

*Building People's Power Against State Violence Through the Lens of Environmental Justice*

October 20-21, 2017

The North Carolina Environmental Justice Summit has remained untainted from undue influence because it has maintained its mission, vision, and integrity by not becoming corrupt by those who might financially support the Summit and the Network to promote their own agenda and mislead the general population as to their true character.

We hope that you and/or your organization will support this worthy cause. You will be listed in the 19<sup>th</sup> EJ Summit program booklet as a supporter of justice, social change, and lover of a safe and healthy environment.
